STEM Projects

"STEM projects are important because they teach critical thinking and innovation. Allowing a student to focus on logical thought processing and problem-solving, enabling students to develop mental habits that can be carried into any field.

They learn to be doers and inventors."

Knit & Crochet Courses

Spring Fling Celebration

We had a BLAST at this year's Spring Fling celebration. EH kids enjoyed food and beverages, spring prizes and a wonderful show presented by The Wacky World of "Wee-Bo."
